

## Would you like to reduce inequality by befriending and sending a child in Zimbabwe to school?

*An education and your interest in their lives means more for their future than you could possibly imagine. It is a huge boon to their self-esteem, courage and self-respect, helping them remain committed to their education and a better future, avoiding the many pot holes for at-risk and impoverished youth.*

**Why Zimbabwe?** As The Fyera Foundation brought clean water projects to remote communities in Zimbabwe, it often saved the children long treks to collect water for their families. That freed their time and attention to attend school, but discovered many families could not afford the required cost of tuition, uniforms, back packs, school supplies and tutoring.

### Why Butterfly Kids?

- We have sponsored students at Rusaza Primary School in Mwenezi District, Masvingo Province, Zimbabwe since January 2024, and continue as they move into high school. About Butterfly Kids; <https://www.fyera.org/butterfly-kids/>
- To learn more or be matched with a student: <https://tinyurl.com/aboutsponsoring>
- 2026 primary school student sponsorship is \$44 per mo. High School is \$82 per mo.

**Why The Fyera Foundation?** Our organizations have been sponsoring children internationally since 2004. We have the highest Platinum designation for nonprofit transparency and reporting by Guidestar, and have United Nations ECOSOC Consultative Status.
